

## Pool-in- Wharfedale Neighbourhood Plan Steering Group

Monday 6 January 2020, 7pm

Present: Barry Anderson, John Porter, Mike Dando, Barbara Wheeler, Jo Rowling, Alexa Ruppertsberg, Ailsa Bearpark

Apologies: Nic Griffin, Jeremy Griffin

1. LCC has stated the NP period is up to 2028, this is stated in the Horsforth NP and not 2033 as mentioned in the core strategy. However Mike Dando (MD) is keen to ask for further clarification on this as since the Horsforth publication a new core strategy has been published with a revised Site Allocation Plan. He will inform the group of any new information he discovers.
2. MD presented his analysis of the responses gathered under Regulation 14 consultation. All guidance was discussed and accepted.
3. MD observed that no response had been received from Overdale Manor in the Green Space section. Action: Alexa will follow up with a letter to the residents to ensure they have every opportunity to respond to the plan.
4. MD suggested a map of the area around the Half Moon Garage off Main Street in Pool should be included as this central area is mentioned in relation to potential development of facility or employment should it ever be available. Action: Ailsa to produce a plan.
5. MD will work with v8.4 of the Neighbourhood Plan to incorporate all changes as agreed in the meeting following the analysis of the response grid.
6. MD outlined his proposed work schedule in order to get the plan submitted to LCC. Overall this amounted to 40 hours of which he has already completed 13.5 hours.

Next meeting:

7pm Thursday 13<sup>th</sup> February 2020
