2. Points of discussion

It was agreed that priority should be given to organising a date for the Transport Event. **Jo to find out what Saturday mornings the Village Hall is available through May and June.** If not available then perhaps we could use the Half Moon or the Methodist Hall. The date is to be agreed ahead of the next meeting so that we can start planning for the event. A stand for the Transport Event is also to be at Pool Feast.

At some point after the Transport Event, a meeting should be held as a walk round Pool to list the 'assets of community value' so these can be legally registered under the Localism Act 2011 legislation.

Regarding the Greenway, Jo advised that during the Greenway meeting held on 7th March the Greenway committee discussed making a Creation Order to enable the Greenway to go across land owned by a resistant landowner. A meeting between Sustrans, Pool Parish Council and Roger Brooks (Leeds City Council) will be arranged. Pool NP should also be involved in that meeting.

Jo is to ask about the hydro electric project at the next Council meeting. This project to be included within the NP.

Pat suggested that we start to compile a list of what goes in to NP. So far we have:

- Greenway;
- Green energy project
- List of important buildings/community (village) assets
- Sewage

To supplement the feedback from the Living Survey, Alexa suggested getting the school involved, to get more surveys filled in, as one of the children's projects. Jeremy to be thanked for his efforts in getting more surveys filled in online.
