Good Feedback was received in general.
2. Consultation Response: It was agreed to use the format previously used in the policy intentions document consultation to list responses from consultees and associated comments and actions. The responses to the following sections to the NP will be shared among the group as follows  
Vision, Objectives and policies GE1 - GE7                      Barbara  
BH1 – CFS4 policies    Alexa  
TT1 – TT4 policies    Ailsa  
H1 – E1 policies and non-planning actions                      Jo

A copy of the Policy Intentions Document (PID) feedback will be supplied so that we can base this grid on the same format. Group members are asked to draft comments on the consultation responses and possible actions. The aim is to compile a draft response grid to hand over to Mike Dando, our consultant, for expert review.
